Outer Box Elements

Drip off printing is used to get a matte/gloss effect or structure in just one single coating. It is also combined with UV printing technique where in the process is reversed and first matte coating is applied

Multi-Vitamin composition which is printed on the outer box to inform about the product contains.

Multi-Vitamin Syrup are Sold in 200 ml.

ROPP CAPS

Roll-on Puffer Proof - a type of screw cap where the thread is formed by pressure against the container.

Pet Bottle

PET, which stands for polyethylene terephthalate, is a form of polyester (just like the clothing fabric). These Amber bottles provide excellent UV protection for the contents. This is important because UV rays can sometimes change the components of the contents.

Sticker Label

Labeling is a part of the branding and enables product identification. It is printed information that is bonded to the product for recognition and provides detailed information about the product. Customers make the decision easily at the point of purchase seeing the labeling of

Outer Box Elements

Drip off printing is used to get a matte/gloss effect or structure in just one single coating. It is also combined with UV printing technique where in the process is reversed and first matte coating is applied

Multi-Vitamin composition which is printed on the outer box to inform about the product contains.

Multi-Vitamin Syrup are Sold in 150 ml.

ROPP CAPS

Roll-on Puffer Proof - a type of screw cap where the thread is formed by pressure against the container.

Pet Bottle

PET, which stands for polyethylene terephthalate, is a form of polyester (just like the clothing fabric). These Amber bottles provide excellent UV protection for the contents. This is important because UV rays can sometimes change the components of the contents.

Sticker Label

Labeling is a part of the branding and enables product identification. It is printed information that is bonded to the product for recognition and provides detailed information about the product. Customers make the decision easily at the point of purchase seeing the labeling of

Nutritional Food Supplement Nutritional Information (Approx Value)	
Energy	5.000 Kcal.
Carbohydrate	0.200 gms.
